Conditions of issue of Licence to sell Fireworks

1. The fireworks will be kept at the following address:
.....
.....
.....
2. The maximum permitted quantity of fireworks which may be stored in any one location must not exceed 900 kg.
3. Where quantities in excess of 225 kg. are stored, the fireworks must be kept in a building substantially constructed or in a securely constructed fireproof safe.
4. Storage buildings must be detached from any dwelling house.
5. The store or safe must be kept locked at all times except when fireworks are being put in or taken out.
6. A permanent notice bearing the words "NO SMOKING OR NAKED FLAMES" in two inch red block lettering on a white background must be conspicuously displayed adjacent to the store.
7. Where the maximum quantity of fireworks does not exceed 225 kg. these may be stored in substantial receptacles (whether or not a fireproof safe) inside a dwelling house or other building.
8. Each receptacle must be capable of being secured and should not contain more than 45 kg. of fireworks.
9. A substantial receptacle may consist of an iron or steel trunk box, a wooden box, a cupboard or drawer, suitably indicated.
10. Such storage receptacles must be used exclusively for the storage of fireworks and be isolated from other goods.
11. Not more than 45 kg. of fireworks may be kept in any room from which fireworks are sold to the public or to which the public have access.
12. Where fireworks are to be stored in a shop, they may be kept in a cupboard or drawer or similar receptacle.
13. Where fireworks are displayed in a shop, they must be kept in a showcase, provided the showcase is not situated in the window.
14. Where a receptacle is so situated in a shop as not to be readily accessible to mischievous persons, it need not be locked, provided it is kept closed, except when fireworks are being placed or withdrawn therefrom.
15. There shall be no general display of fireworks in the shop window.
16. Smoking is not to be permitted within the immediate area being used for the sale or storage of fireworks in a shop.
17. A notice bearing the words "NO SMOKING" in two inch red block lettering on a white background must be conspicuously displayed in the fireworks sales area of the shop and/or adjacent to the storage area.
18. Fireworks shall not be sold to a person under the age of 18 years.
19. The quantity of fireworks which may be conveyed in mechanical vehicles is limited to:-

Commercial vehicles	450 kg.
Private vehicles	45 kg.
Public transport	NIL
20. Where it is required to convey larger quantities than those set out above in one vehicle, then special arrangements must be made in consultation with the Chief Officer of the States Fire Service.
21. All due precautions must be taken by the licensee to prevent unauthorised persons having access to the fireworks and to prevent any act from being committed which is likely to cause a fire or explosion.
22. If any accident by fire or explosion should occur in or about the premises where fireworks are stored, then such accident must be reported immediately to the Chief Officer of the States Fire Service.
23. Fireworks sold by shops must only be suitable for use as 'Garden Fireworks'.
24. The sale of fireworks known as 'Bangers' is prohibited.
25. The sale of any fireworks being an assembly comprising of an aerial shell or shells inside a tube from which the aerial shell or shells is designed to be projected is prohibited.
26. The sale of fireworks over the counter will only be permitted from Saturday October 29th to Saturday November 5th 2011 inclusive.
27. This Licence is not transferable.
